About Things in General

Beginning on Easter Sunday, we (the pastors and staff) have been presenting you (the congregation and guests) with a modified service bulletin that includes several elements of the church newsletter which we generally mail or email to our members. By including the Courier elements in the weekly worship bulletin we hope to reduce our printing and mailing cost and enhance the overall level of communication with the congregation. So far the comments I have received regarding the new look to the bulletin have been positive. However, should you have a concern or helpful critique of the new format we would like to hear it. Please call, email or stop by one of the church offices to let us know your thoughts.

Each week I have the opportunity and privilege to visit many and sometimes most of the Sunday school classes. I am always delighted with the level of energy, thoughtfulness and activity that is taking place in each classroom. Sunday school teachers, leaders and helpers I APPRECIATE WHAT YOU DO! Church members, tell your teachers that you appreciate them! Better yet, do something for them. Send a card, a letter, individually call them, take them out for a meal, purchase a small gift.. the point is to let them know how much they are appreciated BY YOU for what they do. Preparing for and providing a lesson week after week is a serious responsibility and our teachers acknowledge that fact each week in their preparation and presentations. Thanks again.

Things to Consider on this Sunday Morning

*What do you want God to do in your life? How can GBC help?
How should we continue this conversation with each other?*

The pastors of this church would be pleased to talk with you about these topics or others of your choosing.
